

Welcome to the worldwide website of Comet 285 and of all Comet boats around the world

This website is intended to be the prime contact site for Comet boat owners around the world and to facilitate the exchange of our ideas and experiences with the boat.

If you own a Comet, don't hesitate to write to us at info@comet285.it and share your passion with everyone. The specs and the pictures of your Comet will be inserted in the website free of charge.

We want to hear from you. Feel free to send us your comments and sign our guest book.
